

📅 **27th February 2026**
🕒 **09:00 AM to 5:00 PM**
📍 **Pune, Maharashtra**

NRCeS USER'S MEET & EXPO 2026

*Building Interoperable,
Secure, and Smart
Healthcare Systems*

The NRCeS Users' Meet & Expo 2026 is the premier national platform that brings together stakeholders from across the digital health ecosystem to deliberate, collaborate, and innovate. This event fosters **knowledge exchange, mutual learning, and sharing of implementation experiences**, while providing insights into the progress of **digital health standards, interoperability practices, and real-world adoption**.

Key Highlights

- Policy and leadership engagement
- Healthcare interoperability: landscape, challenges, and opportunities
- Real-world interoperability experiences
- Industry and solution provider showcases
- Emerging themes: Cybersecurity & AI in Healthcare

Who Should Attend

- Health IT stakeholders: vendors, providers, payers
- Digital health entrepreneurs, innovators, researchers, and academia
- Standards bodies and regulatory authorities
- Central and State Government representatives
- General public (exhibition access)

Exhibition

Showcase cutting-edge, standardized, and interoperable digital health solutions from across India.

Register

This event is free and by registration only for all attendees. Due to the limited capacity at the venue, registration is required for confirmation of participation. Your request will be confirmed upon receipt of your registration through an email.
